

Father, in the Name of Jesus, I thank You for my city and that I am blessed with the privilege of living here. I thank You that by placing me here, You have assigned me to spiritually steward the place where I live and hedge it about. So today, I rise up and take my place of spiritual authority.

I speak strength, wisdom, boldness and protection over the pastors and people of God planted in this community, so they may be that city on a hill, light and salt for this generation. We ask Holy Spirit to help us walk in unity as we fulfill our commission here.

Father, according to Zechariah 10:1, I pray that You would send forth a spiritual rain to my city. Let an outpouring of the Holy Spirit fall on this place and overcome any evil forces operating against it. In the Name of Jesus, I curse every wicked spirit operating against this city right now.

The righteous are claiming this place. No weapon formed against it will prosper. Every tongue that rises against this city will be shown to be in the wrong. I declare this is a godly city and righteousness prevails. I bind the spirits of poverty, violence, gambling, addiction, hate, witchcraft, atheism, lying, sexual immorality and all other wrong spirits in Jesus' Name. I plead the blood of Jesus around this city and declare angels are encamped around us here. No evil will befall us and no plague can dwell here.

I pray for every leader in this city according to 1 Timothy 2:1-2—the mayor, the city council, school boards and all others in authority. I pray that they would rule justly and be influenced by godly wisdom. I pray strength and protection over our civil servants and emergency workers. In the Name of Jesus, I bind Satan from operating over the political scene of this city. I command Satan to take his hands off my city's government, economy and social scene right now in Jesus' mighty Name. I ask You, Lord of the harvest, to send forth laborers to every neighborhood and raise up leaders of righteousness and the finances to fund them. Let Your light shine throughout every neighborhood, school, storefront and church. Let the gospel permeate every part of this city and break through every area of darkness.

Thank You, Lord, for revival in this land. I ask all these things in faith, knowing that Your Word says one man can chase a thousand. The mighty Name of Jesus, spoken by one with faith, is enough to transform a city. I expect it, I receive it and I thank You for it. In Jesus' Name, Amen.

*As you continue to pray for your city, keep expecting to see a change! When you drive by places known for immorality or violence, curse that spirit in Jesus' Name! Speak blessing and declarations as you drive to work or to the store and especially as you pass churches. Take back your city in Jesus' Name. You have been given all power and authority to do so!* KCM prayer adapted by Susan for RCC
